4th Annual Ron Ripp Memorial Golf Open & Picnic

"Gripp it and Ripp it!"

June 7, 2008

Tumbledown Trails Golf Course

Visit www.RonRipp.org for more information

We will donate \$1,000 to the Ron Ripp Memorial Survey Scholarship and remaining proceeds will go to the American Diabetes Association (ADA). To date we've donated \$18,600 to ADA and \$1,000 to the scholarship. Let's try for more this year.

This annual outing is held in memory of Ron Ripp who passed away unexpectedly at his home on Tuesday, June 22, 2004. Ron was a lifelong resident of Cross Plains and was appointed Dane County surveyor in 1983. In his 30 years with Dane County, Ron guided the surveyor's office through an evolution from centuries' old manual methods to automated processes, all the while still keeping a human and humorous touch. Ron knew the location, history and story behind every official survey marker in Dane County. He loved to tell stories, some of which were true. He loved bad jokes, the dumber the better. Ron had a variety of interests, which included hunting, fishing, woodcarving, and blacksmithing, but he treasured most the time he spent with family and friends, especially the time spent with his granddaughters. He is gone but not forgotten.

Don't get teed off by diabetes... Let's do something about it.

There are over 17 million Americans living with diabetes, one-third of who don't even know they have it. In Wisconsin, diabetes affects more than 330,000 residents annually – that's over 6.2% of the state.

Each year, more than 1,500 Wisconsinites die as a result of diabetes and its complications.

The good news is that nearly 1,000 volunteers in Wisconsin are working to accomplish the common goal of providing support to the millions of Americans who have the disease.

The mission of the American Diabetes Association is to prevent and cure diabetes and to improve the lives of all people affected by diabetes.

Heads Up! You're invited to attend the 4th Annual Ron Ripp Memorial Golf Open and Roast Pork Picnic Dinner! Join us for one or both events
